

course 4

BUILDING TECHNOLOGY

Year 1 Explore the Institute	Fall		Freshman Seminar in Architecture
	Spring	4.111	Introduction to Architecture and Environmental Design (HASS-A)
Year 2 Architecture Major Core Subjects	Fall	4.112	Architecture Design Fundamentals 1
		4.401	Architecture Building Systems
		4.500	Introduction to Design Computing
	Spring	4.302	Foundation in the Visual Arts & Design (CI-M)
		4.440	Building Structural Systems 1 (may fulfill REST requirement for GIR)
Year 3 Discipline Stream Subjects	Fall	4.411	Building Technology Lab (may fulfill REST requirement for GIR)
		4.4xx	Intermediate BT subject
	Spring	4.4xx	Intermediate BT subject
		4.605	Introduction to the History and Theory of Architecture (HASS-A)
		4.xxx	Elective in any of the other four discipline areas
Year 4 Completion of Requirements	Fall	4.4xx	Advanced BT subject
		4.THT	Thesis Research Design Seminar (CI-M)
	Spring	4.4xx	Advanced BT Subject
		4.ThU	Undergraduate Thesis

4.111 is offered in the spring term and often taken as a freshman exploratory class. IAP class 4.11A may be substituted if a student is unable to take 4.111.

A maximum of three subjects may be used to fulfill both Departmental requirements and GIR requirements. Generally, those three subjects are 4.411 (Lab), 4.440 (REST), and 4.605 (HASS-A).
