- Graduate Level 1 core studio reviews will be held on Thursday (Dec 10, 2-7), the Level 2 core studios on Tuesday (Dec 8, 2-7) and Level 3 on a non-studio day, Wednesday (Dec. 9). The Level 3 studio reviews day are NOT during normal studio time. This means that any Department class that may have Level 3 students will need to be cancelled that day.
  - Institute will schedule undergraduate studio reviews during final exam week, avoiding the Monday of thesis reviews (Dec 15–18).
  - MArch thesis reviews are held on the first day of final exam week (Dec. 14), SMArchS thesis reviews are held during “reading period” (Dec 11).
  - Non-studio graduate subjects that normally have a presentation on the final week of classes should consider submitting a request for a scheduled final exam to the Institute scheduling office. (Dec 14-18)
  - Workshop reviews fall either the penultimate week (Nov 30-Dec 4) prior to studio reviews during normally scheduled class time, or they need to be scheduled by the Institute during final exam week (Dec. 14-18).
- Non-studio subjects that have MArch students enrolled should be requested to have final papers fall due the penultimate week rather than the last week of classes so that deadlines do not conflict.
