A. The Department will schedule graduate studio reviews during the final week of classes. Undergraduate studio reviews will be scheduled by the Institute during final exam week. The Institute final exam week schedule is published by the Institute the third week of the term.

B. Workshop reviews fall during class time either before the penultimate week OR are scheduled through the Institute as a final presentation/exam during final exam week.

C. SMArchS, MArch, SMBT, BSAD thesis presentations are held on the Friday of “reading period.”

D. Required MArch subjects (not including studio) may schedule a final exam/presentation during final exam week through the Institute. They may not require a final test, presentation, or assignment in the penultimate or final weeks. They may not meet during the last three days of the term when Option Studios or Core Reviews are taking place. Free elective Course 4 subjects that have MArch students enrolled follow Institute rules below, but instructors and advisors are asked to work directly with M.Arch students to adjust work schedules and credit load to avoid conflict with studio review preparations.

E1. Institute term regulations dictate that subjects that have not scheduled a final exam during finals week but have final presentations, papers, and/or quizzes must be held or due by the last class meeting.

- *No subject may require a class meeting, exercises or assignments of any kind after the last regularly scheduled class in a subject.*
- *An extension may be given to an individual student if requested, but blanket extensions may not be given to the entire class.*

E2. Subjects that schedule a final exam during final exam week may have no assignments due after the end of the penultimate week.

F. GSD final studio reviews, final exams and thesis reviews are not coordinated with MIT’s schedule. They are listed only FYI.

All grades for classes with final exams are due by noon on Friday, May 24. The MArch grades meeting will take place on **Friday, May 24, 2024 at 12 PM.**
