- A. The Department will schedule graduate studio reviews during the final week of classes. Undergraduate studio reviews will be scheduled by the Institute during final exam week.
- B. Workshop reviews (for all subjects 4.18x) fall during class time either before the Tuesday of the penultimate week or scheduled through the Institute as a final presentation/exam during final exam week.
- C. MArch final thesis reviews Wednesday, Dec 16, 2026.
- D. SMArchS thesis proposal presentations are held during reading period - Friday, Dec 11, 2026.
- E. Required MArch subjects (not including studio) may schedule a final exam/presentation during final exam week. They may not require a final test, presentation or assignment after the penultimate week. Free elective Course 4 subjects that have MArch students enrolled follow Institute rules below, but instructors are encouraged to work directly with MArch students to adjust work schedules and credit load to avoid conflict with final reviews.
- F. Institute term regulations dictate that presentations, papers, and/or quizzes must fall due or be held by the last class unless a final exam is scheduled. Subjects that schedule a final exam during final exam week may have no assignments fall due after the end of the penultimate week.
 - o *No subject may require a class meeting, exercises or assignments of any kind after the last regularly scheduled class in a subject.*
 - o *An extension may be given to an individual student if requested, but blanket extensions may not be given to the entire class.*
- H. GSD final studio reviews, final exams and thesis reviews are not coordinated with MIT's schedule. They are listed FYI.

Faculty grades and awards meetings will be held on 12/17. Faculty who instruct MArch studios and required classes and MArch advisors are required to attend.
