

EDUCATION

- 2023 - **Massachusetts Institute of Technology** - Master of Architecture
- 2018 - 2022 **Technion Israel Institute of Technology** - Bachelor of Science in Architecture

TEACHING ASSISTANTSHIPS

- SP 2025 (U) 4.022 **Design Studio: Introduction to Design Techniques and Technologies**
Carrie Norman
- IAP 2025 (U) 4.02A **Design Studio: How to Design Intensive**
Ekin Bilal , Adriana Giorgis

PROFESSIONAL

- 2023 - 2024 **Moria Architects + Studio MA - Landscape Architect and Urban Researcher**
Urban strategic development; landscape design; exhibition and research-based design; material and historical preservation. Selected projects include:
- Waterfront Strategic Design - Tiberias, IL
Led the urban strategic development and landscape architecture planning for Tiberias Waterfront development, strengthening the connections between the city and the lake while preserving a delicate historic environment, materially and culturally.
- Yona Hill - Ashdod, IL
Led the historical research and preliminary landscape design for Yona Hill, proposing an integration of historic biblical motifs and archaeological context into design and positioning the hill as a central cultural public space.
- 2020 - 2022 **Studio Project - Architectural Designer**
Preservation and rehabilitation; cultural public programs; interior design, furniture design and fabrication; industrial design for self-assembly. Selected projects include:
- Collège Français - Tel-Aviv, IL
Tel-Aviv French School is a primary school sitting in the delicate urban fabric of the Neve Tzedek neighborhood. The project's objectives were to integrate the school in the cultural identity of the neighborhood by designing a public-oriented open space, while maintaining the introverted program of the school with a semi-open main space for building.
- Painter's House - Jerusalem, IL
Design of a new cultural center for Studio of Your Own, a non-profit organization promoting women artists, at Litvinovsky House in Jerusalem. The project introduced a restoration of the historic building to include artists studios, a café and a public courtyard.
- Rozanova Apartment - Tel Aviv, IL
Led the interior design of a Tel Aviv city center apartment, inspired by Russian avant-garde in form and color, designing custom elements and furniture, and exploring innovative construction materials.
- Institut Français - Tel Aviv, IL
The French Institute of Tel Aviv occupies a Bauhaus-style building in the White City district, at the corner of Herzl Street and Rothschild Boulevard. The project involved preserving the façade, including the public entrance and roof terrace, and renovating the interior office spaces.

PUBLICATIONS

JUNE 2025 Designboom, AIR-0
Meet AIR-0, the inflatable work boots for astronauts who work outside of a spaceship

INVITED CRITICS

JUNE 2025 (U) Housing Studio Negev School of Architecture
Ruth Leonov, Assaf Kimmel

RESEARCH AND EXHIBITION

2025 MIT X Luma Arles, Self-Assembly Lab - Research Assistant
Skylar Tibbits, Hashim Sarkis

Developed a research taxonomy for the MIT-LUMA partnership by mapping cross-institutional projects and identifying opportunities for future collaboration in research and design.

2025 Core I Pedagogy - Research Assistant
William O'Brien Jr.

2025 Editorial Design - Research Assistant
Carrie Norman

Supported the visual and editorial design of a print and digital publication, focusing on layout, narrative flow, and composition.

2025 Dis-Assemblies Lab - Project Assistant
Xavi L. Aguirre

The Next Earth - Venice Architecture Biennial 2025

2024 MIT SA+P Climate Imprint - Co-Editor
Nicholas de Monchaux, Miko McGinty

Editorial work and graphic design for a departmental book that showcases research and professional work related to climatic innovations in architecture and design

2023 Non-Garden: Jerusalem Design Week - Design Assistant
Prof. Yael Moria and Arch. Yael Agmon, Studio MA

The exhibition showcased an investigation of the concept of natural aesthetics by integrating organic and artificial materials in a seeding process and embodying a form of artificial fertilization.

AWARDS

2024 - 2027 Graduate Fellowship, Massachusetts Institute of Technology

2022 Dean's Award for Academic Excellence, Technion - Israel Institute of Technology

SERVICE

2024-2025 Member of the Committee on Graduate Programs, Office of Graduate Education
