EXPERIENCE

**Leventhal Center for Advanced Urbanism (LCAU) | Cambridge, US - 2023 - 2024**

Project Assistant for the concept and design development of the center's 10th Anniversary Exhibition: Digital Urbanisms.

**Civic Data Design Lab (CCDL) | Cambridge, US - 2022 - 2023**

Project assistant in a data visualization project concerning Venezuelan migrants in Ecuador.

**Drawing Together + Local Code Lab | Project Development | Cambridge, US - 2023**

**Liminal Web | Design Team | Lazio, Italy - Summer 2023**

**Wolfgang & Hite | Project Manager | NYC, US - 2020 - 2022**

Worked on eight projects in a wide range of programs, including commercial, retail and industrial. Managed five projects related to the cannabis industry, three dispensaries, a growing facility, and a CBD retail location from concept to construction. The designs hinge on education and community building as their main drivers.

**Robert A.M. Stern Architects | Junior Architect | NYC, US - 2018 - 2020**

Worked on five national and international projects that encompassed a variety of types and programs; residential, commercial, hospitality and adaptive reuse. My time at RAMSA allowed me to gain first-hand experience in leading contextual and historical research, and seeing projects through all design phases.

**Friedrich St. Florian Architects | Intern | Providence, US - 2017**

Schematic design and research regarding land use for a proposal for the American Farm Museum, in Michigan.

**GENSLER | Intern | Boston, US - 2016**

Concept and Schematic design proposals for civic and commercial projects, including General Electric's HQ and the re-design of City Hall Plaza, in an exploration of the site's activation as an alternate public space. This was presented to the client, Delaware North.

**Tracing Public Space - NGO | Volunteer | Aragua, Venezuela - 2015 - Ongoing**

Led in-person design co-creation sessions with children and sector leaders in the community of Juan Moreno. Remotely facilitated software classes for program participants.
