195 Binney St APT 4516
Cambridge, MA 02142

Education

Massachusetts Institute of Technology	Cambridge, MA
<i>Master of Architecture I Candidate</i>	2023 - 2027
<i>Bachelor of Science in Architecture</i>	2017 - 2021
Ecoles D'Art Americaines de Fontainebleau	Fontainebleau, France
<i>Awarded with Prix Marion Tournon Branly</i>	2024

Experience

Oualalou + Choi	Paris, France
<i>Intern</i>	Sept. 2025 - Jan. 2026
Conducted early-phase research and concept design for <i>Sanlam</i> , a hotel in Casablanca within a heritage building context. Developed detailed drawings and 3D models to study facade systems and spatial organization for <i>HIST</i> , a hotel project in Tangier, Morocco.	
Republic of Korea Army	Seongnam, South Korea
<i>Social Service Worker</i>	Sept. 2021 - June 2023
Served military duty as a social service worker at the Educational Department of Seongnam-si, Republic of Korea.	
Ramboll	Remote
<i>Intern</i>	Jan. - May 2021
Assisted in designing grasshopper scripts for the atrium design of the <i>Radhus Renovation</i> project. Developed a pre-fab facade strategy for <i>Morgendagens Plejehjems</i> project based on the analysis on daylighting and its alignment with building codes.	
Tectonics of Wisdom	Cambridge, MA
<i>Research assistant under Professor Cristina Parreno Alonso</i>	Sept. - Dec. 2020
Assisted in book proposal for the project <i>Tectonics of Wisdom</i> which examines historical libraries through the lens of architectural research, inquiry, and speculation.	
MIT Department of Mechanical Engineering	Cambridge, MA
<i>Research assistant under Professor David Hardt</i>	Jan. 2020
Developed the early prototypes for the project to design affordable, desirable, and sustainable homes for the shelter-insecure using large-scale 3d printing technology.	
Leventhal Center for Advanced Urbanism	Cambridge, MA
<i>Research assistant under Professor Rafi Segal</i>	Sept. - Dec 2019
Researched on the precedents and typologies of collective living regarding the spacial organization of the private residences and communal space.	

Honors

MISTI France Fellowships	Sept. 2025
Anthony Tappe Fellowships	May 2024
MIT Departmental Fellowships	Sept. 2023 - Present
Peter J. Eloranta Summer Undergraduate Research Fellowships	June 2020

Skills

Design: AutoCAD, Rhinoceros, Grasshopper 3D, Vray, QGIS, Enscape, Adobe Suite, Laser Cutting, 3D printing, CNC
Language: English (proficient), Korean (native), Japanese (basic conversational), French (beginner)

Exhibition

Venice Architecture Biennale	Venice, Italy
<i>CAST (4,302 Foundations in Art, Design, and Spatial Practice)</i>	May - Nov. 2021
